## More Technology – More Tennis

### We now have a Club Website!

We are: [www.balcombetennisclub.co.uk](http://www.balcombetennisclub.co.uk)

You have probably noticed that the newsletter shrank in size: rather than giving you an annual overview of the club, you can now stay up to date with all our events and activities via the Internet. Of course, we still feature the usual puzzles on the last page of the paper-edition—this year we feature some SuDoku puzzles.

On the website you will find information on how to join or how to renew your membership, the usual club regulations, the weekly play calendar and information about coaching.

We hope to make the administering of the Club and the publication of information a little easier this way, and hopefully you will find it useful too: As a member of the Club, your contact details will be visible to other Club members (and not to anyone else!). If you are unsure about this, please have a look at the Club's Privacy Policy on the website.

Sharing contact information among club members not only facilitates player partnering, but should get the Club to function more like a community. Future plans include a tennis league and a simple, online, court-booking system.

Please support our club sponsors on the website when shopping on the Internet. We have incurred significant expenses last month to prepare the courts for you, yet have decided to keep the membership fees the same as last year.

### Also on your Website...

Look out for the Live Sport news feed and what surely must be the Internet's most comprehensive Tennis Glossary. Contributions are welcome of course.

Over the course of the year we will hold polls to get your opinions on various issues. The current poll is about the annual club membership fees. If you have an opinion about this and other issues, go to the website and VOTE! Note that voting is anonymous and that you can also see the latest opinion tally.

*Happy Surfing and Happy Playing!*

## Table Tennis

As you may know, the club house has been redesigned to make space for a table tennis table. This is available for member's use at any time (with no cost). There are bats in the clubhouse, but you should bring

balls (although these will normally also be available). Tuesday evenings have been set aside for an informal club night, and we would encourage any budding table tennis players to come and join in.

## Committee Members Required!

We have some gaps to fill this year on our committee. If you are keen to help manage an important and meaningful village-based organisation, then this is for you! Please contact Club Chairman Nick Ertl.
